Intermediate

PROFILE

A gameplay programmer from Digital Arts & Entertainment and former Occupational Therapist(OT). My past in OT taught me about creative problem solving, which I combined with my endless passion for game design. I love learning new things and perform well in a team where I can keep tackling new challenges. Constantly working on writing cleaner code and always improving.

EDUCATION

Digital Arts & Entertainment
Major : Game Development
Sep 2021 - Jun 2025

Artevelde Hogeschool
Bachelor Occupational Therapy
Sep 2016 - Jun 2020

WORK EXPERIENCE

Game/Unity Programmer
Triangle Factory, Gent, Belgium
Feb 2025 - Sep 2025

Working independently in a professional environment. Independently designed and integrated gameplay systems across two shipped titles, tackling complex design challenges. Worked on networking systems, refining existing designs and applying them to new contexts and mechanics.

Game Development DAE
Digital Arts & Entertainment, Kortrijk, Belgium
Sep 2021 - Jun 2025

Worked in a team setting with other programmers, artists and closely related professions, in context of education, game jams and personal projects.

Occupational therapist for substance abuse
Psychiatric centrum Dr. Guislain, Gent, Belgium
Feb 2020 - Jun 2020

Plan and host sessions independently. Interdisciplinary teams with doctors, psychologists, and outside organisations.

Activity caretaker for people with disabilities
Tordale, Torhout, Belgium
Oct 2019 - Apr 2021

- Internship and various shorter contract jobs.
- Assist and guide clients through their meaningful occupation
- Take part in interdisciplinary teams and meetings
- Set up and plan long and short term goals.
